---

**Effective Date:** May 17, 2026 **Version:** 2.0

This SMS / Text Messaging Consent Disclosure (this “**Disclosure**”) explains how **PureTask LLC** (“**PureTask**,” “we,” “us”) uses text messaging to communicate with you, what consents you are providing, and how you can opt out. It supplements our [Privacy Policy](#) and [Terms of Service](#).

This Disclosure is designed to comply with the federal **Telephone Consumer Protection Act (TCPA)**, 47 U.S.C. § 227, the **Federal Communications Commission’s implementing regulations (47 C.F.R. § 64.1200)**, the **CTIA Messaging Principles and Best Practices**, the **California Public Utilities Code** and **California Consumer Privacy Act / California Privacy Rights Act**, the **Florida Telephone Solicitation Act (FTSA)**, Fla. Stat. § 501.059, and applicable Texas law.

### 1. Two Types of Messages

PureTask uses text messaging for two purposes. You can consent to each independently.

## **1.1 Transactional / Service Messages (Required for Bookings)**

These are messages **necessary to operate your account and bookings**. Examples:

- Booking confirmations;
- Pro assignment notifications (Clients) or new booking offers (Pros);
- Reminders before scheduled service;
- Arrival, completion, and review-window notifications;
- Payment receipts and payout notifications;
- Dispute updates;
- Security alerts (e.g., new device login);
- Two-factor authentication codes.

By creating an account and providing your mobile number, you consent to receive transactional messages from PureTask. **This consent is necessary to use the Platform.**

## **1.2 Marketing / Promotional Messages (Optional, Express Written Consent Required)**

These are messages **promoting features, offers, referrals, or other marketing content**. Examples:

- New feature announcements;
- Promotional offers and discounts;
- Referral program invitations;
- Newsletter content;
- Re-engagement messages.

Under the TCPA, marketing text messages sent using automated technology require **prior express written consent**. This consent is **not** a condition of using the Platform.

---

## 2. TCPA Express Written Consent (Marketing Only)

By checking the “**I agree to receive marketing text messages from PureTask**” box during signup or in your account settings, you acknowledge and agree to the following **Express Written Consent**:

I expressly consent to receive marketing and promotional text messages, including via automated dialing system or other technology, from **PureTask LLC** at the mobile telephone number I have provided. I understand that:

- Consent is **not a condition** of any purchase or use of the PureTask Platform;
  - **Message and data rates may apply** based on my mobile carrier plan;
  - Message frequency varies and may include up to **four (4) messages per month** for marketing purposes;
  - I can opt out at any time by replying **STOP** to any message;
  - I can get help by replying **HELP** to any message; and
  - This consent is governed by the **PureTask Privacy Policy**.
- 

## 3. Quiet Hours and Banned Days

### 3.1 Federal TCPA Quiet Hours

Consistent with **47 C.F.R. § 64.1200(c)(1)**, PureTask will not send **marketing text messages** before **8:00 a.m.** or after **9:00 p.m.** in your **local time zone** (determined by your area code or last known location).

### 3.2 Transactional Messages

Transactional messages (booking confirmations, arrival alerts, two-factor codes, security alerts) are **not** subject to quiet-hour restrictions, as they are not solicitations under the TCPA and are tied

to your active use of the Platform.

### 3.3 Florida Restrictions (FTSA)

Under the **Florida Telephone Solicitation Act, Fla. Stat. § 501.059(1)(c)**, marketing telephonic sales calls and text messages may not be made:

- **Before 8:00 a.m. or after 8:00 p.m. local time** (Florida quiet hours are stricter than federal);
- On **any Sunday**, unless the recipient has expressly agreed to Sunday messaging;
- More than **three (3) times per 24-hour period** for the same subject matter;
- **Without disclosing the sender's identity** at the start of the message.

PureTask's marketing-SMS system is configured to comply with FTSA for Florida-based numbers.

### 3.4 California

California does not impose additional quiet-hour rules beyond TCPA, but **California Public Utilities Code § 2871** requires accurate caller-identification information. See Section 5.

---

## 4. Sender Identification

Every marketing message from PureTask will:

- **Identify the sender** as "**PureTask**" (or "**PureTask LLC**") at the start of the message;
- Include a **clear purpose** statement of the message;
- Include **opt-out instructions** (e.g., "Reply STOP to opt out");
- For initial messages, include a link to this Disclosure: "**Msg&data rates may apply. Reply STOP to cancel, HELP for help. T&Cs: [puretask.co/legal/sms](https://puretask.co/legal/sms).**"

Transactional messages identify PureTask through the registered short code or 10DLC number tied to PureTask's registered brand.

---

## 5. Caller ID and Number Display

PureTask transmits accurate caller-identification information consistent with **47 U.S.C. § 227(e)** (Truth in Caller ID Act) and **California Public Utilities Code § 2871**. PureTask's SMS messages are sent from a registered **short code** (e.g., "**12345**") or a verified **10DLC** (10-digit long code) number associated with the PureTask brand registered with **The Campaign Registry**.

PureTask does **not** spoof, mask, or misrepresent the sending number.

---
